

Quickstart Guide: Blogger

This quickstart is here to help you set up Snap Shots™ on your Blogger blog.

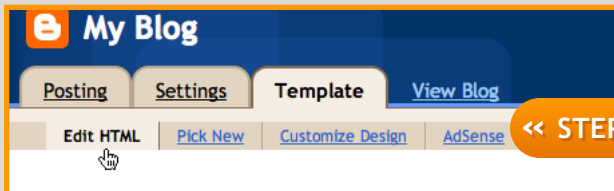

Get Started Now

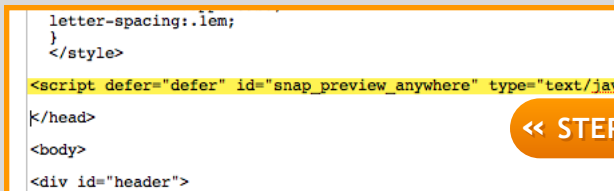

<< STEP 1 Sign in to Blogger.

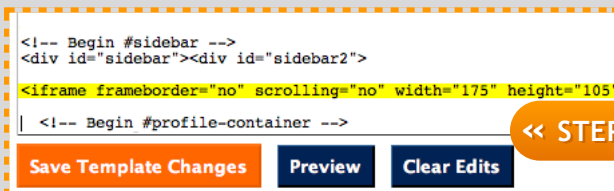

<< STEP 2 Find the blog to which you want to add Snap Shots and click on its "Template" link.

<< STEP 3 On the "Edit HTML" Tab, scroll down until you reach the </head> tag.

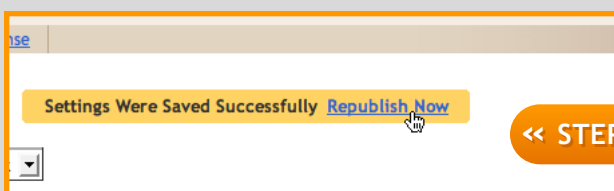

<< STEP 4 Just before the </head> tag, paste your Snap Preview Anywhere code.

<< STEP 5 OPTIONAL: If you are including the Spa Badge, copy and paste that code into your sidebar (or appropriate place)

<< STEP 6 Click "Save Template Changes"

<< STEP 7 Click on the "Republish Now" button. (if your blog is on blogspot.com, this step is automatic)

You're Done! Now check your blog, hover on any external link and experience Snap Shots™
